

November 18, 2009

Dear Graciela and Jeff,

First, I would like to congratulate you and your team for a very successful event last Thursday. We, at UNEP, are happy to have been invited and part of it.

Further to the event, I have had requests from colleagues in the UN system for copies of the power point presentations that were made, and would be grateful if you could please email me copies or advise the website at which those interested could download. Thanking you advance for your assistance.

Best regards,

Munyaradzi
